

## “Getting and Staying Married” Genesis 2:18-25

1. One reason for getting married is to have a lifelong:
  - a. servant.
  - b. companion.
  - c. boss.
  
2. Another reason for getting married is to give and receive \_\_\_\_\_.
  
3. In particular, we cannot fulfill God’s command to \_\_\_\_\_ the earth (by having children) and bring it under control without marriage.
  
4. The woman is called a “suitable helper,” because:
  - a. she should do all the hard work.
  - b. she doesn’t need any help herself.
  - c. the man needs her help, and she is just right for him.
  
5. Using the numerals 1, 2, and 3, put in order the three necessary steps to getting married:  
\_\_\_ Commit yourselves to each other (Permanence).  
\_\_\_ Live together for the rest of your lives (Faithfulness).  
\_\_\_ Leave your parents’ families (Independence).
  
6. After the first couple sinned, marriage became a competition instead of \_\_\_\_\_.
  
7. Christ transformed marriage by showing that the husband’s role is to sacrifice himself for his \_\_\_\_\_.
  
8. In a Christian marriage, the wife, instead of trying to control her husband, shows him \_\_\_\_\_.
